

WHAT'S YOUR STORY?

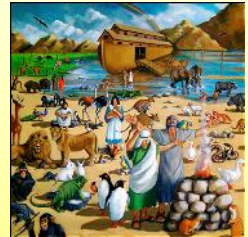

"What's your story?" When you hear that question, you know it's an invitation to share something about yourself. It's a request to explore a little more about the way you think or act, or a chance to share an opinion or idea.

"What's your story?" will be our main question on Sunday, February 19, from 4pm-6pm, as we think about *our* story related to **The Story**. Over the next couple of weeks, be thinking about some of your favorite Bible stories, and see what you might learn about your church and what it means to you.

You are invited to share an afternoon of lively discussion, appreciative consideration of what we see as valuable in our faith

journey into the future. Come prepared to have fun, get acquainted with some more church friends, and help create our future story. **Your presence is vitally important!**
